

Seasonal and Commercial Boat Launch Permit  
Glen Arbor Township  
Lake Michigan-Lake Street Ramp  
(Civil violations governed by Township Ordinance 2012-1,2,3,4)

1. This seasonal permit is watercraft specific for the registration MC # indicated on the front of this pass. It may not be used with alternate boats without re-registration with the township.
2. The front side of this permit must be displayed in the drivers' door window of the vehicle (auto or truck) during launch... visible to the video surveillance camera mounted on the easterly building.
3. Outside pier tie up must only be used for boarding passenger and loading equipment.
4. Please clear the inner launch area if other boats are present for inbound or outbound service.
5. Please have boat ready to launch before entering turn-around area. After removing boat from the water move out of the turn-around area before preparing boat for road hauling.
6. The launch may be used by the Glen Lake Emergency Services Department for water rescue. If emergency equipment approaches from land or from the water please clear the area for their priority use.
7. The permit will be good for the period of April 1 to October 15 of the year indicated.  
(dates are weather permitting)
8. Problems noted in the area should be reported to the township office 231 334 3539 or for emergencies call 911
