Hello Tim,

It was good speaking with you yesterday and thank you for your patience. Attached is a shapefile of the Sleeping Bear Dunes National Lakeshore Boundary. I've also included the internet address for the Integrated Resource Management Application (IRMA) for the National Park Service. This site can be used to access public publications, GIS layers and much more. You should be able to access it via a non-federal government computer but sometimes folks do have problems due to firewalls and other security measures. Hope this is all helpful and enjoy the beautiful summer we are experiencing so far!
