Planning Commission Report: The planning commission did not meet in July.

Public Comment: none

Board Member Comments:

Clerk Laureto spoke about what the Board had done on the Speed Limit question since the June meeting. A copy of the new law was reviewed which refers primarily to local roads of which County Road Commissions have control. The law states that State Trunklines (M-22 is a State Trunkline), are controlled by M-Dot and the State Police who determine speed limits. There was a speed study done through town in 1988 when the Township Board had requested a lower speed limit and the State turned down the request. Clerk Laureto said she spoke with Brendan Mullane, LCRC manager, regarding the request to pursue a speed limit reduction through town. Mullane informed her that Leland recently made a similar request to the State and they were turned down. Laureto asked the Fire Chief to pull up incident reports for the last 10 years. Those reports showed only 3 incidents on M-22 through town and there were no significant injuries to any of the involved individuals.

Supervisor Comments: A representative from M-DOT has been contacted by phone and email and we are waiting for a response. The Supervisor reviewed details of a request to lower speed limits made last year by residents on Dunns Farm Road. By chance a random speed study had recently been conducted on Dunns Farm Road and there were no major traffic incidents so no action was taken. Supervisor Laureto said he would wait for guidance from MDOT before putting the request on the Boards agenda.

Meeting adjourned at 8:10 p.m.

Respectfully submitted,

Pamela J. Laureto
Township Clerk
