Motion D. Lewis, support T. Laureto, to approve the minutes of the 10/8/2026 Election Commission meeting. Motion carried 3:0.

Clerk Laureto gave an explanation of the Public Accuracy Test Process.

The Election Commissioners demonstrated how the Voter Assist Terminal (VAT) works and printed a strait ticket ballot. The precinct tabulator bins were verified empty, tabulator serial number and seal number were verified, a zeros tape was run, the VAT voted ballot was tablulated, and a results tape was printed showing all straight ticket races had one (1) vote.

The Election Commissioners conducted the Public Accuracy Test on the Precinct Tabulator. Bins were verified empty, tabulator serial number and seal number were verified, the test deck was tabulated, and the results were verified with the predetermined results. No issues were identified.

The Election Commissioners conducted the Public Accuracy Test on the Absent Voter Counting Board Tabulator. Bins were verified empty, tabulator serial number and seal number were verified, the test deck was tabulated, and the results were verified with the predetermined results. No issues were identified.

The commissioners signed the tapes from the VAT test, Precinict tabulator test, and AVCB tabulator test. The State required paperwork for the Public Accuracy Test was completed and all items including the test deck and result tapes for the Preliminary and Public Accuracy tests were sealed in a State approved container.

Public Comment: none

Election Commission Adjourned at 11:40 AM.

Respectfully submitted,

Pam Laureto
